October 13, 2010

9am-4pm

For more information about attending the Dog Vinci code, or about Paws4Ever, contact Julie Jenkins, 919-304-2300 x 233 dogtraining@paws4ever.org

About The Dog Vinci Code

This course is about learning to unlock the secrets to training your dog and how to decode your dog's behaviour: how a dog learns and why dogs do what they do. This course will enhance your knowledge of dogs in understanding human and canine psychology and promote responsible dog ownership. John examines dog behaviour, common problems that can arise and solutions to regaining control. John shows how, by understanding the cause of a problem, how to control and or modify a dog's behavior. He gives practical advice on how to strengthen the bond between owner and dog, how to communicate, motivate, and get the most out of your relationship with your dog. This seminar is not open to participation with dogs (service dogs always welcome!).
